“ So I was going through the Fort Bend newspaper to look at obituaries and came across this. I had Mrs Guyton as my math teacher back at Travis. She is one of the few teachers I can remember that far back being that I am 43 now. She was one of my favorites as a kid and I know she will be missed by many. RIP and condolences to her family.

“ Janie and Susan and your extended families: Mrs. Guyton was also my 2nd grade teacher. My memories of her reflect such patience and class. When counting 1 through 5 on my fingers one by one the kids around me went into a fit! I had to explain to her what I had done and didn't understand what the fuss was about. She patiently explained that some people thought that use of my middle finger was a bad sign and that it should not be shown. Even though I didn't get it at the time, I understood I shouldn't do it again! I remember her walking past my desk as she was talking/teaching one day numerous times. Finally she stops and asks me what I have in my desk or purse. Ah!! I only have this crawfish I picked up from a mud puddle at my bus stop yesterday. She allowed me to go empty my purse out the doors at the end of the hall! There is no doubt as you get older there is a certain sense of matured respect and appreciation you have for the ones that touched a part of your life. The body is gone but the soul lives on to be reunited again with loved ones. My condolences on the loss of such a loved woman.

“ JoNell was a wonderful teacher, and I feel fortunate to have worked with her for many years at Travis Elementary. She was a classy lady with a beautiful soul who always had a sweet smile for everyone she met. All of you are in my closest thoughts and deepest prayers as you learn to live with her in a new way. Take comfort in God's Promise that you will see her again.

“ Mrs. Guyton and her family were my neighbors on Klauke St. She was such wonderful lady. I would take care of Janie and Susan while she would drive to Huntsville to finish her degree. She inspired me to become an educator.

The last year I would see her at the beauty shop from time to time and I would give her a hug.

I am so proud to have known this wonderful lady. She will be missed.

“ I taught school with JoNell at Travis and she was our son's (Blake) second grade teacher. I remember her love for sports and remember the sports jerseys she wore to school! My thoughts and prayers are with your family.

“ Jo-Nell Guyton, or Honey as I knew her, loved fiercely. She gave tirelessly, and smiled brightly. The world was a better place for her being in it, and I'm blessed to have grown up with her. Words can't express how amazing this woman was. I love you Honey.
