“ My last memory of Alton was his wonderful smile as he waved goodbye to mother and me as we drove off in the car.

Goodbye is said by the living; however, when someone we care about leaves this earth, the word goodbye becomes obsolete, because they are forever with us through memories. Always there ready for us to access at any given moment. Sometimes when we least expect it, but when really needed.

Nancy, you and the family have so many beautiful memories of Alton. I truly hope those memories envelop you with strength during this heart-wrenching time.

All my love to you and your family,

Sharon

“ *I will always remember our conversations we had several Family events. I enjoyed his stories. He always had good things to say and was a good listener. He was a hard working man right to the end. I have not known him very long but I think that's the way he would have wanted it.*

Tried to grill a steak last night and all I could think of was Alton's great cooking and grilling advice! He and my dad taught me how to cook! Much love!
