“ *Bennie was a great friend and hunting buddy, he taught me many things about life and the outdoors, he was always willing to share his life experiences and taught me there’s always a way to accomplish any challenge if I would just take the time to think about it first and consider how I could do it myself. I observed him many times doing things that really made me wonder “how he did that “ . He was a amazing man and I am a better person because he pored into my life by letting me be a part of his. Rest well good friend, I am glad you’re reunited with your beloved wife Colleen. You’re friend*

“ *He was my berry picking and pecan picker upper buddy. He shared the best dewberry patches with me. He told the true story about us going to pick up pecans at Michaels and i lost my phone out there. He had to call me from the barn to find it. I was honored he wanted me to do a painting from a photo of their place in New Braunsfel. He is with my friend Colleen now. Hope he gets an Italian Cream cake in heaven. .*
