“ Dear Dena & Brett: My heart is sad for the loss of your Mom and my sister-in-law, well sort of! What wonderful memories I have of good times we shared. She always had a smile on her face no matter what. I pray that God will put His arms around you and your families for comfort. Love, Aunt Terry

“ Our thoughts and prayers are with family and friends! Brett and Dena, words can not take away the fact Bev has passed away and the emptiness you will feel on this earth. Jesus will care for your mom and brother and you will see them once again when you get there! God bless you guys!

“ Although we are sad to see mom leave this world, I truly believe that she is in a much better place with her son Barton Garrett. We will miss you mom but you will always be on our minds.
