“ *Dear Donna & Steph,*

I am so sorry. I really don't know what to say. I had no idea and would never have guessed that Brian would have gone to the Lord so soon. I only have to think that he is now watching over you both along with Shelby. So remember to look up always and give your best smile for he loved you both so very much.

“ *Stephanie,*

Experiencing the loss of a sibling is something that I have not yet experienced, but I can only imagine how difficult it must be. May God bless you, your mom, and your dad during these trying times. Just realize that in time, you will be able to see Brian once again. God be with you always.

“ *Dear Donna,*

Words cannot express our sorrow at the loss of your son. We were out of the country - at Jeff's and Florence's wedding in France - or we all would have been at the funeral. I know Jeff has lots of fond memories of Brian and their experiences together throughout their highschool and jazz band days. He will be home in January and I know he will want to share some of these with you. Again I am so sorry for what has happened. Let me know if there is anything we can do to help.

Sincerely, Robin

“ Brian im going to miss you. I already do. Not seeing you at work this weekend was tough. Im going to miss standing around just talking about nothing when you were not too busy working. Or playing a few games of pool before you had to work. And our awesome handshake we had. I won't forget that. You meant alot more to me than i had realized. And im sorry if I some how took our friendship for granted. I wish we would have done more things together. I will always remember all the times we had together i just wish there would have been more.

“ Brian,
It's hard to really come to terms with the fact that I'll never be able to see you in person again. I'm still in shock from the news. I've got a plethora of emotions rushing through my brain and its hard to pick one to go with. One thing I am sure of is that your memory will live on in all the people you touched over the years. I'll miss you Brian and the world won't be the same without your influence.

“The world breaks everyone and afterward many are strong at the broken places.

But those that will not break it kills. It kills the very good and the very gentle and the very brave impartially. If you are none of these you can be sure that it will kill you too, but there will be no special hurry.”

We pray that the very many days ahead of you, you will know and feel the prayers from us and many others to take you through this journey and let you know you are not alone. You can only go one day at a time and one step at a time, but believe us, many, many prayers will be by your sides each and every step. God Bless You and Your Family and Precious Brian...God's child now at peace forever.

My mind and body has become numb from the thought of never seeing you again. Brian was loved by all, he had this smile that was so warm and friendly.

It is my honor to have met you Brian, you made a much more impact on people then you will ever know. The Section 8 guys have lost their brother, you will always be in our thoughts and prayers.

“ For the WALLECK FAMILY:

*and if i go, while you're still here...
know that i live on,
vibrating to a different measure
-behind a thin veil you cannot see through.
you will not see me,
so you must have faith.
i wait the time when we can soar together again,
-both aware of each other.
until then, live your life to its fullest.
and when you need me,
just whisper my name in your heart,
...i will be there.

“ For my dear friend, BRIAN WALLECK:

*would thing have really been so different?
would the world really have been so shaken?
if i were a much different man
i had chosen the road no taken?
would the days have been any the brighter
or the nights darker than they are?
would i still have lived in such obscurity
or shined brighter than any star?
it does little good to wonder
of the things that might have been
for who, and what i have become
i must live with in the end.
though life could have been much better,
all in all i do not feel forsaken.
i count the blessing that i have
and cry not of the road not taken.*

i don't wonder why anymore...even if i could find within myself the answer, it wouldn't be enough to bring you back...but you're not gone; we just can't see you...you forever reside deep in our hearts, our thoughts, and our prayers...it is there we can still talk to you and whisper,"Brian, we will always love and miss you. We will never forget you!"...and if we listen hard enough, we can hear you saying back,"duh! i already knew that but thanks anyway!" ;p now we are left without your gift of always bringing smiles to our faces...but it's a gift i selfishly give up just to know my friend has found peace...

...i extend all my heartfelt condolences and prayers to your family...

“ Working with Brian at Office Depot was a great joy, he was always so animated and could not stand still for anything. Whether we were discussing managers or I was trying to get him to cover my lunch in his favorite copy centernot really there were always laughs. I will always remeber though he was late to work one day and the reason was because a spider had spun a web from the tree to the driver side door so he couldn't get in the truck. He went around and had to crawl through the other side to get in and go to work. Brian was a great friend, like a brother ro me after working together so long and I will forever be grateful for his friendship. I will miss you Brian, I hope you have found peace.

“ We just love Brian! Tim & Brian were in the same class in K-5 at Jane Long and stayed friends through Crockett, Jr. High, and high school. It has been hard for them to keep in touch through college with both of them working so hard, but I have kept up with Brian - seeing him at Office Depot every couple of weeks. Every time I need something at Office Depot, I go hunting for Brian! We were just discussing how much he was looking forward to more predictable hours when he graduates. Brian always had a great heart. I know he loved his mom and sister so much! He talked about you every time I saw him. We will miss you, Brian!

I'm gonna miss all those times we'd sit up online talking about computers, games and how you always used to joke with me about how hondas are Wrong Wheel Drive and how all those weird little things about working at Office Depot. I still smile when I think of those things. I just spoke to Brian wednesday night, I can't believe that he's gone now.
