“ I only knew "Frosty" for two short years but will always consider him to be one of the greatest men I have ever met. His life was filled with adventure, jokes, and many wonderful friends -- especially so many friends from his African connections. I feel that I am a better person today thanks to my limited friendship with "Frosty!" May he "rest in peace!" I have his K5LBU 'lion' QSL card on my desk -- 73 old friend!! Now a 'SK' -- Dick, K9APW

“ I am very sorry for your loss. I worked with your dad at Olle Middle School. He was a very nice man. He was always smiling or joking about something. My prayers go out to you and your family. I too have lost both of my parents and understand what you are going through. May God grant you peace and understanding during this time of your loss. Remember all the good times you had with your dad.

“ I met Frosty many years ago at the Houston Echo Society Radio Club. We touched based over the years from time to time and I got an SPE amp from him when I saw him at the Houston Hamvention a while back. I've had a great time with that amp and talking with him about it.

I'll miss you my friend and until we meet again down the log 73's

“ The first time I met him was @ echo meeting over at the Red Cross. He was always there to lend a hand in whatever you were doing. I like that he brought his own creamer to the Saturday breakfast. He will indeed be missed.

“ To Rachel and the entire Frost family, please accept my deepest sympathy and condolences at this time of bereavement. However, know that every time I think of "Frosty" I have nothing but wonderful thoughts and many precious and fun memories that we shared at Olle Middle School. I remember his passion for Ham Radio, his sense of humor, his cooking ability Boy could he cook!, his travel adventures, and especially his kind nature and generosity. We hit it off with a good co-worker relationship from the start.

Later my son met him and was his teaching assistant for about two years. He, too, had nothing but praise for Mr. Frost.

Though "Frosty" has been called to eternal rest, he will live on in our hearts and thoughts for many years to come. May the peace of the Holy Spirit rest upon you and comfort you. God bless.

“ I never met Frosty but spoke to him on the phone over a year or two ago about Expert amps. He was incredibly proud of the amps and very patient with all my questions. That phone call stuck in my mind as he was very helpful. Now that I'm about to place an order, I'm sad he won't be there and to let him know how helpful and kind he was when we spoke.

“ I met Frosty in Orlando at HamCation a few years back. He was a very interesting man with a passion for his endeavors and the products he represented. Just this past Friday at HamCation, I had the pleasure of meeting Rachel Larkins. Although it was just one day before her dad's passing, she was extremely pleasant and helpful. This, just as her dad had always been. My condolences to you Rachel and to your entire family during this time of reflection and healing. To Frosty, 73 my friend and hope see you down the log!

“ I've known and called Freddy my friend for about 64 years, dating back to our time at Harlandale Baptist Church in San Antonio. God has called him home to be reunited with his beloved wife and his Savior. He is celebrating with her in Heaven, but we here on earth will miss him dearly. My deepest sympathy and my prayers go out for Freddy's loving family.

“ I had the pleasure of working with Charles at Olle Middle School, and he smiled at me every single day. He was a great man, a great teacher, and he served some of the neediest children in the community for many, many years. My condolences and prayers for his soul. Rest in peace, Charles, and praying for peace for your family.

“ I met Frosty, as we called him, in 1963 in Texas A&M Electronics school and we became fast friends. We graduated and went our separate ways but stayed in touch and enjoyed meeting again years later at a reunion of about five IES Grads at the Bratz household in Palestine.

Frosty was a great friend and human being. We had lots of fun in school and he took me home on weekends a couple of times in his VW Beetle.

Much love to surviving family. I will miss him.
