“ *From Aunt Alice:*

*Connie came every summer to take care of my sons Paul and Jay when I was working. She had a loving sweet heart. Then after mom (Connie's Grandmother) passed away she went to stay with my Dad (Connie's Granddad). My mom did everything for my Dad. She laid his clothes out for him every morning. He didn't even know where she kept them. She did all the cooking and cleaning. We loved Connie for taking care of Dad. I don't think he would have made it with out her.*

“*Connie is my sister. She had a heart of gold. Before she got sick she lived with our Mom and Dad. When my Mom got ill she took care of her. She did everything for our Mother. Mom became bedridden and Connie was right there. She took great care of her and I will always be grateful. She also took care of our Grandfather Lyons after our Grandmother passed. She went to live with him. It meant everything to our Grandfather. Then after our Mom passed she lived with and took care of our father. She took care of him until she had her stroke and went to live in the nursing home. She was a great caretaker and loved doing it. She was very selfless.*

*Connie, Bonnie and myself were very close. We called ourselves the three amigos. You rarely saw one without the other. Connie loved mexican food. We would go to Gringos a couple times a month. She also made homemade enchiladas and burritos. She was a great cook. And Connie and I had birthdays in October. So me, Connie and Bonnie would usually go to Pappadeaux's seafood and have a birthday lunch together. We always had so much fun and laughed a lot. She loved to play bingo also. Sometimes we would all three go and play bingo at different places around Houston. Talk about getting excited. She just absolutely loved bingo. And she would always have the biggest smile on her face. Connie, I will miss you so very much. I love you so so very much. I know that you are in a better place now. And you are now with your sister, Bonnie, and our mom and dad and the rest of our family that has passed. Fly free Connie you will never be held down again. You can walk now and you don't have any more pain. Thank you Lord for taking care of her. You will always be in my memories. Love you.*
