“ Condolence to Seung Hee and family, I'm not sure if they still remember me. I knew Mr. Dan Dickinson in Bahrain, he was my first boss in Smith Meter in 1992. I thought of him today, and searched for his name. I found out that he already passed away.

Sorry to hear about your loss.

“ My sincere condolences to Dan's family and friends in Dan's passing. He is sorely missed in our oil & gas industry. I first met Dan back in the late seventies. I learned alot from Dan as I transitioned from the technical realm into the sales and marketing realm. Dan had infinite wisdom for participating on the global sales stage.

During a break in business meetings in Beijing back in the late 80's, Dan took me to the Great Wall for my first visit there so that I could go jogging on "The Wall". I shall never forget the huge heart than Dan always had for rookies like me.

“ Dear Seung Hee, Holly, Laura & Debbie,

*I want to offer my sincere condolences to you. I worked very closely with your husband and father. From 2005 to 2012, he and I traveled the world and grew to be very close. His stories on places and people he visited over the years were quite humorous. Dan's wit and humor always kept me smiling and laughing. He was my mentor for several years and I am fortunate to have had the pleasure to know him, work with him, learn from him, earn his respect, and try to emulate his high degree of character he brought to our industry. No matter where we visited, he was treated with the utmost respect. I will miss him tremendously and consider myself very fortunate to have had the pleasure of working with such a fine man. He left us, though he left his mark and legacy throughout the world. He touched many in his 82 years and I, for one, will never forget him.*

*Rest in Peace my dear friend.*
