Tribute Wall

“ *Deanna and I became very close friends when we were in high school. We were together all of the time. We were born 10 days apart and back then we were the same height and weight. Our handwriting was the same and we often helped each other with home work. I still have many fond memories of those times. We then went on with our lives and didn't get to see each other very much because of distance but we remained close friends. I am so glad that in our old age, we were able to see each other again more often. I am so sorry that she now has to go.....I will miss her. She will always have a special place in my heart.*
