“ Debbie & I were co-workers @ UFI and soon became friends. She & I shared many of the same values and laughed often together. With relocating & family, we lost touch over the years but found each other again on Facebook. My heart goes out to the family. Y'all mean so much to her.

“ Up until a year ago, I had the pleasure of working at the same location as Debbie for many years. She and I had many conversations of the challenges we were faced with and shared our experiences. She was always positive and strong. However, when I departed I lost communication with Debbie. Life is too short to lose track of your friends, I so missed you and love you Deb. Rest in peace.

*My sincere and deepest condolences to her family.*

“ *Words seem inadequate to convey the depth of sorrow at the loss of such an important person... Nor do they appropriately convey the warmth and support of the many who care for those who are grieving. We are there for you. Peace be with you.*
