

Derek Daniel Elko

February 8, 1992 - May 13, 2015

Derek Daniel Elko, 23, of Weston Lakes, Texas, passed away peacefully at his home on May 13, 2015. He was a member of the Sacred Heart Catholic Church in Richmond, TX.

Derek graduated from Foster High School in 2010. He attended the University of Texas at Austin as a George R. Clark scholarship awardee, and would have graduated May 23 with a Bachelor of Science degree with highest honors in Applied Mathematics. He was interested in pursuing a career in quantitative investment analysis. During college he worked as a Portfolio Analytics Intern at Invesco Ltd, Houston, TX and as a Risk Finance Intern at the Lockton Companies LLC, Houston, TX.

Derek was a Mathematics Tutor at UT and elected Undergraduate Peer Led Study Director. As a Polymathic Scholar at UT, Derek was researching the topic: "Structured Solutions to Behavioral Biases in Finance." He had hoped to publish the research at the conclusion of his senior year. In addition, he was a member of the Alpha Lambda Delta and Phi Eta Sigma Honor Societies.

Along with his academic pursuits, Derek was passionate about music, enjoyed composing music, and he played the piano and violin. He also appreciated writing and creating funny movies and skits with his friends. Derek was a community outreach service volunteer and would personally lend a helping hand to anyone in need. His friends valued his outstanding sense of humor

and spirited approach to life. Stand-up comedy was something very special to him. He also loved to play tennis, golf and basketball. As a child, Derek enjoyed Boy Scout activities especially camping, hiking, and target shooting.

Derek spent many memorable vacations with his family treasuring each other's company, exploring new places and new foods. He loved cinema and was a great impersonator. His family will always cherish his interesting philosophical outlook on life, keen sense of humor, selflessness, and his wonderful compassion and kindness toward others. Many thought-provoking discussions were relished as he tried to solve the mysteries of life and help others with their problems. He was a great listener who was always able to help others see the world differently and with a new and better perspective. Derek will be profoundly missed by his family and friends who will always remember the impact and influence he had in making the world a better place during his short time on this earth.

Derek is preceded in death by his maternal Grandmother Mary Varrato of Latrobe, PA, and paternal Grandfather Daniel Elko of Uniontown, PA. “ Dear Brittney, Alexandra, Diane and Daniel: My heart and prayers go out to you all. What a precious family you were when I knew you, and you must certainly still be. Brittney and Alexandra have both grown up to be gorgeous, highly intelligent young women, as I always knew they would. I know they miss Derek immensely and are privileged to have known him as their brother. Diane and Daniel, I remember you as the most caring and aware parents I have seen. You did a wonderful job back then and also later judging by the comments on this and other sites. Your Derek was a wonderful little boy- so sweet and smart. I just found out about his death today and am profoundly sad but encouraged by the very healthy-looking family in the Christmas pictures. I will graduate from the University of N. Georgia in May with a masters in clinical counseling and see the struggles every day at my internship. This work is how I am finally led to make more sense and use out of our losses years ago. It may take a very long time, but Our Lord will walk with you all the way to when your changed lives become smooth again. I am so very sorry for the loss all of you must still be feeling and joyous that you had such a wonderful gift as you brother and son, Derek, in your lives for 23 years. Please let me know how you are doing if one of you eventually has time. Love, Sylvia Mrs. Nolin

“ I worked with Derek in Polymathic at UT-Austin. Derek was gifted, engaging, funny, full of questions, and extremely thoughtful, both in the usual sense but also in the moral sense, in his consideration toward others. He brought his intelligence to bear on his own experiences, too, most memorably for me, on what he'd learned about the limitations of reason, the problems it couldn't solve. He was passionate about music and knew a great deal about it. Like others here, I am richer for knowing him and heartbroken by losing him. I wish you comfort and peace. Thank you for sharing Derek with us.

“ My interactions with Derek were limited solely to Stephen & Brittney's wedding but it was readily apparent how close the family was with him. It was also obvious that all the other adjectives and descriptions of him are more than accurate - clearly intelligent and humorous with a passion for music and his family. My thoughts are with all of you at this difficult time.

“ We are still devastated by the loss of Derek. He was such a fine young man: so friendly, kind, considerate, and intellectually curious. We can't recall single time he ever said or did anything even remotely impolite. That was just impossible for him to do. He was so loved by his family. We will always treasure the memories of the Thanksgivings we've spent together in Santa Barbara and New Orleans. May God take care of you all in this difficult time.

“ *It was heart breaking to hear that Derek was no longer with us. My son Michael has been very closed friends with Derek since we moved to Weston Lakes about 12 years ago. Derek was Michael's first friend in Weston Lakes. Derek was a wonderful person and he will be missed by all the persons he touched while he was with us. My prayers to the Elko family.*

“ To the family and friends of Derek...
My heart is broken because such a young, beautiful, and intelligent young man is gone way too soon. I can only imagine the pain you are going through at this time. Please know you are in my thoughts and prayers each day.
I remember Derek in class as though it was yesterday, but he was only ten. He was so eager to learn, and had no problem questioning what was being taught!
He had many friends, and at recess he loved to joke around with them and make them laugh.
He was a good student, but more importantly, he was a good person.
This world was a better place with Derek in it, but now he has gone to a higher place, and I can only wonder who he is questioning and challenging now!
All my love and sympathy,
Lana

“ Derek, I didn't know you well, but we had several math classes together. Applied Linear Algebra would have been terrible without you to bounce ideas back and forth with. You will always be remembered for your kindness, intelligence, and sense of humor.
