“ *Ralph, I'm not sure you remember me but I am Johnny's sister and I lost my husband, Ralph Mosley July 24, 2006 after 37 1/2 years. It was very sudden and I can tell you that it's not EASY being sudden like some think just as you know watching someone going through a lengthy situation is not easy either but you are more prepared if that is ever possible. My mom and I want you to know that we thought of you and your family when Pam called and told us of Doris' passing.*

“ *Ralph, Allison, Paul, Michael and the Grand Kiddos
Doris was a very special person to me and my family. We have known Doris and Ralph and their family ever since my wife worked with Doris at Presb. Hospital in Dallas. Doris was closer to Pam than just a fellow nurse in Labor & Delivery---she was a very close friend. It was this friendship that brought our family together with Doris and Ralph's plus their children. It is hard to express words that fully explain how one feels at a time like this. She was special and will be missed by not only those who were close to her but by everyone that ever met her. There was only one Doris and for the ones that were close to her you know exactly what I mean.
Ralph, Allison and Paul & The Johanson's-----our thoughts and prayers are with you now and always.*

*Love Always
Johnny*

“ Allison, I am so sorry for your loss. I remember Doris, Wilma and Bonnie showing me the ropes as a very young secretary in L&D. What fun we had. Her naughty sense of humor and ready smile will be truly missed. God bless you all.

“ I remember the good times Doris and I and the other nurses had in labor and delivery back when the hospital was very young I started at PHD in 1967. I was a nurse anesthetist in Labor and Delivery and remember Doris and the TX/OU weekends and her love of the game and how we gave her a hard time about Oklahoma. She will be missed by so many.

“ Ralph, Alison and Paul,
I was a new graduate the first time I met Doris at Presby L&D. She treated me like I was her colleague and that I knew what I was doing. When I would get uptight or worried, I would think, "I want to be like Doris LeBoef," calm, relaxed, confident. Nothing rattled her. She'd just smile, pat my hand, tell me a dirty joke and say, "it's going to be just fine." Now, when I encounter the younger, more anxious nurse, I smile and think "I HAVE become like Doris," and I say a special thanks to her . I'll always remember her.
Sincerely and with prayer for God's peace for you all.

“ A quote from a retired OB-Gyn physician: "Doris was one of the best damn labor/delivery nurses I was privileged to have care for my patients at Presbyterian Hospital of Dallas" She also was a superior instructor as a L/D nurse at St. John's Hospital in Tulsa, and trained my wife, Sandy, while she was a student there. We'll miss her as a colleague, and friend. Our sincere condolences to you Ralph, Allison, Paul and all the family members who will miss her, too.

“ Ralph,

I'm so sorry for your our loss. I know you don't know me - I worked with Doris for a short period of time at Presbyterian Hospital L&D in 1972. Years later, I returned to L&D as a part time nurse and there was Doris, just a fun-loving and vivacious as I'd left her. She brought sunshine to everyone she worked with and her love, compassion, competence, and humor helped may a newborn's parents cope with the process of labor and delivery. She was no fun to do crossword puzzles with she made us do all the across words first, THEN the downs but other than that, a day spent with Doris was a truly blessed day-we were able to work and have fun too. I was able to "keep up" with the two of you through my other very special and loving friend Pam. What a twosome the two of them together were! Doris' sweet spirit will be missed by many. My prayers go out to you and your family. I know you must feel a huge empty spot in your hearts. May HIS arms surround you all and comfort you throughout this Christmas season and the days to come.

Love,

Peggy

“ Allison, I'm so sorry about your Mom. I saw the notice today in the Dallas paper. Although it's been many years since I've seen her, I remember her, and all of your family as very kind and welcoming. I think of you as I'm driving through Richardson. I'll keep you and your famly in my prayers. Sharla
