My condolences to all of you on the loss of your loved one. She was loved by all of us. I understand personally what you have been through. I enjoyed the many things we did at Sacred Heart Church, particularly through the Golden Hearts. May she rest in peace

I never personally met beautiful Lorraine, but I knew her through my own mother, My parents met Bob & Lorraine on a cruise and they became lifelong friends, writing often and once sharing a Florida visit (I see my mother pictured here with Bob & Lorraine on that visit). My mother often told me stories of the fun they shared on that cruise. We lost our mother in September 2018 and I am so saddened to learn of Lorraine's passing. She was a beautiful mother, wife and friend. My condolences for the loss of your sweet loved one.

“ Bob all I have to offer is my condolences on losing a long term partner like Dorothy but you did have a lot of good years with her. We have been good friends for more years than I can remember about 40 I think and unlike most men I never heard a complaint from you about your wife, I wish I had known her better too. The old saying that behind every good man is a good woman has to be true here as you are truly a good man an a great friend.

At times like this I wish I were back in Texas so I could offer more support.

Time is your friend, holler if you need someone to talk to.

“ Mom,
I never realized it before in quite the same way, and maybe I took it for granted, but you were a beautiful woman with a truly amazing smile. I viewed hundreds of photos in the past couple of days and the things that stood out the most were your apparent joy & happiness paired with that beautiful, always on, smile.

The world definitely needs more people like you in it. Rest beautifully until we meet again.

I agree with you Robert. Your Mom's smile could and did light up a room. She is and will always be greatly missed. I feel like I have a hole in my heart now.

The cousin I remember is the one who took me to St. Adalbert's school where I sat with Dorothy during a class. It must have been show and tell and I was the topic. She was a big part of my life growing up in Port Richmond. Cousin Andrew
