“ *I was lucky enough to meet Gene though work and I'm thankful for that. He was a true gentlemen and an honest man, it was my pleasure to meet him. He always had a smile to share, people who knew him are better for it. He will be missed but he's already making new friends in a better place. God bless.*

“ Gene was one of the first people to take the time to teach and mentor me about the electrical industry over 33 years ago. I have always been grateful to him for that. He was a very special person that will be missed by many.

“ I have many happy memories spending time with Uncle Gene, Aunt "Penny" and their children our cousins, Mark, Bryan, and Dawn. My family spent time with them at least once or twice a year. I particularly remember having a health issue 23 years ago and having to go to Baylor Hospital in Dallas. Imagine my surprise to see Gene and Maxine make the drive from Sugarland to come see me. It meant the world to me and my family. We will miss you Gene.
