“ Karl and Melanie,
Micki and I want to share our sorrow on Emil's passing. It may be our sorrow but his rejoicing in the fact that now he is in the Glorious presence of Our Lord and Savior.
You probably don't remember way back in the sixties and South East Christian Church.
Please extend our condolences to all your family.

Peace to you and yours. Micki and Harry

“ Karl & Melanie,

I am sorry to hear about the passing of your dad and my Uncle Buddy. I remember him as a firm & loving man. He and Aunt Barbara really loved each other and I know we really enjoyed the special times we had with the family. I remember the times when Melanie and I would be playing in the house like girls do, giggling and having fun.

Mom and I had the best visit with Karl and his family this past summer in Killeen. It was great to play catch up, share a meal, and reminiscence with pictures and stories. I look forward to another visit.

Please know that our family was with you today in spirit and know that Uncle Buddy is now with the Lord in a much nicer place.

Love you both!

“ *Sylvia and Adele,*

How well I remember all of the fun evenings the youth group at Woodland had at your home - Dad with the movie projector and the rest of us waiting for the movie. Also, I remember how I enjoyed it when either of you sang and how "elegant" I always thought Emil looked.

Mother and Dad Joy and Bill Kirk both died in 2007 and before their deaths, we had talked about the fun we had as a youth group. Although Emil was a little older, he certainly was in the middle of things.

I am sorry for your loss. It never is easy to lose a loved one as you well know. Although I never had the opportunity to meet any of the children, please know that all of you are in my thoughts and prayers.

“*Melanie, I do thank you for thinking to call me to let me know of Emil's passing. We have been good friends since our days working on the school paper at Reagan High School. Emil was a gifted artist, and I "hired" him to be our cartoonist. His sense of humor about life, and his talent, made his work memorable.*

We lost touch after high school, but got together again about ten years ago, while he was chaplain at the Fort Bend County Jail.

We had lunch together a number of times, and saw each other at the Reagan reunions. I was at the funeral for Barbara, and of course visited with him there and tried to offer condolences, knowing that words are useless at such times, but they are all we have.

There will be a hollow place in my heart for as long as I live at Emil's passing. It is right next to the warm spot -- very warm -- for having known such a good man and good friend.

“ Dear Karl and Melanie,
I'm sorry that we could not attend today's services. Our hearts are heavy and we hope that you take comfort in knowing that Uncle Buddy is in a better place now.
As is so often the case, this occasion has caused me to think back on the times we were together. Karl, I remember way, way back when my family was visiting your family in Aurora Colorado. You were driving me around town in your VW Beetle. I thought that was really cool. I also remember going up to Arapahoe Basin for my 1st ski trip - if you can call it that. Melanie, you weren't around yet then, but we have a shared memory of your beautiful mother saying goodbye to all of us at my father's house. She bravely and defiantly removed her wig and we all had a good laugh. You read a poem from your heart and there wasn't a dry eye in the room - including your stoic, yet loving, father. I cherish these memories. Please know that I am with you today in spirit.
Love,
Allen, Ronda, Robbie and Marisa
