“ I worked with Frank at Reed Tool Company. He was always kind and heartfelt in his approach to everyone at every level in the organization. When problems and strife came up it seemed that Frank always knew how to get everyone focused on the problem and get it fixed.

Thank you for sharing him with us, a truly wonderful soul.

“ The Avant family is truly blessed to be a part of many beautiful memories of knowing the Mensik family. Living across the street from them on Klare Street, our trip to Mexico (the fun we had on the train), Around the kitchen table discussions and a lot of laughter. Our trip to Louisiana (during the Easter weekend), and finding rice in the dishwasher the next day after trying to fix red beans and rice mixed with an evening of margaritas. Yes, so many fun memories-- the Avant family are so blessed to know the Mensik family. We love you--we will truly miss you Frank.

“ Frank was a close friend and a very good client for a lot of years. Frank was always the most professional in his business dealings and the most fun during various hunting and golf outings. We enjoyed our times together and I will always remember him as a professional who enjoyed being a part of the Oil industry during both good and bad times. I will miss him and my condolences to the family.

“ *You go along and meet a few individuals in life that you recognize as true leaders with the virtues of confidence, compassion, kindness, and the ability to inspire others. Frank Mensik was one of those guys and I was truly lucky to have worked with my career. Condolences to the family.*

“ *My thoughts and prayers are with the family during this difficult time. He was a kind man that had the ability to make a young person feel worthy by listening to what they had to say. He was the consummate oil patch salesman and was a pleasure to work with and learn from. Those Reed and Camco memories are treasured. Rest in Peace Frank.*

“ My memories of Frank are all fond ones. He was one of the best bosses I ever had. He never met a stranger and once he became acquainted with someone he could remember that person's name the spouses name, along with their childrens names, the next time he greeted them. He was a kind and caring man. My sincere condolences to Adele and family.

I'm so very saddened by Frank's passing. He was the best if the best as a man and a leader and it did not matter if you were management or a support person as I was. He was truly one of a kind. My heart goes out to his family.

The Consumate Corporate Sales Executive for Reed Tool Company! One of my first leaders and mentors that many of us looked up to; such magnetism.. I was very lucky to have been able to do many things with Frank both in business and socially over the years. The semi-regular phone calls and our annual "Spring Fling" trip will be sorely missed! God-speed.....

“ *I learned a lot from Frank. He was equally at home in a boardroom full of executives or on a rig full of roughnecks. A rare talent.*
