“ We had alot of good times when we were younger riding around and just having fun. Things were alot simpler back then and not a care in the world. You always made me laugh and you always had a smile on your face. Rest in peace my friend.

“ My Condolences to all of Helen's family during this time of great loss.
I worked with her at the phone company for many years.
She was always pleasant to work with, and I enjoyed when our paths crossed on work projects, as well as an occasional "Needville locals" chit chat!
May she rest in peace.

“ *My heart is so very heavy. I can remember the day I introduced you to Bob. I am left with wonderful memories of all the fun we had together for so many years. I bet you had a huge crowd waiting for you at the gates of Heaven with your parents being the first to hug you. I'll be looking for you when it's my time and know that you will be one of the first that I will see. I will always remember the special moment we had when I was leaving the hospital and as we held hands we said "I love you" to each other. True friends are special. I will miss you.*
