“ John touched so many though out his lifetime, me included. I first started working with John in 2002 at Dixie Box and Crating and continued with APC until his last days. He was then and remained until his passing, always caring. He wanted to help out and advise us anytime we needed. Trust me, there will be a huge hole in my everyday life.

*For you John: An Irish Blessing  
May the road rise to meet you.  
May the wind be always at your back.  
May the sunshine warm upon your face.  
May the rains fall upon your fields.  
And until we meet again,  
May God hold you in the hollow of His hand.*

“ John Deusner was a Managing Partner of American Packing & Crating of Texas and Savannah, but he shared his vast knowledge of the maritime industry with all divisions of APC. Always quick to lend a "hand" either in person or over the phone, he made himself accessible to us all and he was an invaluable asset. Stern yet funny; Proud yet would give you the shirt off his back. He loved his Corvettes and would talk to you about them for hours if he could 😊 I had the pleasure of spending one week each year with him in Houston, as we presented our booth at the Break Bulk Convention. You truly get to know someone once out of the "office". We had some really good, in-depth conversations about business and life in general. I think what stood out the most was seeing his interaction with an immense array of people at this Convention, year after year. People would see him from across the room and holler out "John! how the hell are you?!". I believe the high traffic at our booth was largely people coming to see John 😊 He's been in the business long enough to garner that may associates, but its a bit more than that. It was his charisma that drew people in. He was a born Salesman and loved every minute of it. I learned a lot from him and I know that Break Bulk will never be the same. We will miss you in our Morning status meetings!

*Rest in Peace my friend!*

“ John was a good friend, and good business associate. I receive many calls during a day and I often ask the staff to take a message and I will call them back, John's calls were always well received and I looked forward to talking with him.

*It is a shock and a great lost, I would call him about business and he usually turned the conversation toward talking about our families, weekends, etc. he was genuine, and a good man, when he asked "how are you doing? he was serious. It was a pleasure and an honor knowing John, from me, and the rest of the staff...he will be missed.*
