“ I came to the Goodson family when I married Garland and Judy accepted me right off the bat. Favorite memory...being a brand new mom I had no clue what to do with my baby when she had colic. Judy said, "give me that baby", grabbed her out of my arms, swung her across her lap like a sheep ready for shearing, started patting her across her back (not softly) and said, "there, that's all you have to do." She cracked me up! Judy also guided and encouraged our daughter Raye Lynn, who had horses in common with her. . Very thankful and honored to have been her sister-in-law.

“ I've known Judy for what seems like all of my life. We were in the same first grade room, Girl Scouts, and many "adventures" (some are better left undisclosed) but over all Judy and I had lots of FUN together. Even though we drifted apart over the years, we've always "kept tabs" on each other. We were discussing our 40th high school reunion just a few weeks ago and she was SO EXCITED about seeing everyone again. Judy had an infectious smile and contagious laugh!! I will miss you my friend!!

“ *Jo Ann Petrenella Billman:*
In knowing Judy of all these 40 years, her compassion for people her love and her understanding made her extremely a great overall person. Random visits throughout the yearspriceless. She could make you laugh at just the sigh she would make. Judy was the reason for the 40 th High School Reunion. It was her who connected me there at the registration right next to her best friend. In spirit her presence was very much felt as I drew her name tag. Everyone knew, and her presence was very missed . Charles you are very loved and your precious angel will be watching over you and your family.

“ I met Judy thru my husband and we instantly became friends. My children knew they could go to her to talk and listen to them and give honest advice. Judy was a wonderful woman, a great wife and mother and if you were lucky she became your friend for life. We spent many hours sitting around my kitchen table or outside on the porch talking about any and everything. I still can't believe I won't hear her laugh or listen to her talk of her house in the woods. I will miss her dearly. May she rest in peace on her wrap around porch in the sky.

“ My mother used to babysit Judy when we were little girls. We lived on the Prison Farm and Judy's mother was a Secretary there. We became like sisters growing up and have stayed like sisters all these years. I cannot imagine life without Judy. One of my favorite memories of Judy is of my mama taking us to the doctor for vaccinations or just when we were sick. Sugar Land was a company town way back then, an Imperial Sugar Company town. We had the prison farm, sugar company, Nalco and Johnston Testers, later Schlumberger. That was pretty much it. We had company doctor's, 2 of them, Dr. Kurkendhyl and Dr. Slaughter. Now me, I knew better than to misbehave, mama would tear me up. But Judy? She didn't care! I can still see her now, that cute little blonde haired girl, with the big gap tooth smile, running like crazy, all over the doctor's office, the exam room, and the hallway, with mama, the nurse and both doctor's hot on her trail trying to catch her. They caught her, she got her shot, and caught hell for misbehaving. It never once stopped her from doing it all over again the next time. I have so many wonderful memories of her.
