“ *Kenny Lee was my friend in high school and will be missed at the 50th year class reunion, in July, this year.*

“ *I just learned of Ken's passing, and I am shocked and gutted by the news. Ken was just a great guy. In a world full of cynical people, Ken just never seemed to never have a negative thing to say about anything or anyone. He was just above and beyond getting into being down on anything. Even in life he existed on a higher plain.*

If Ken walked into a room full of strangers, he really did seem to see that as just a bunch of friends that he didn't know yet.

Ken was one of the first people that I talked to when I began in Amateur Radio, and he definitely set the example of a First Class Operator.

My thoughts are with his family. And while it can hardly replace having him around, I hope that they can take solace in the knowledge that he touched and meant so much to so many.

I know you're with God, Capt. Ken.

I'll miss you.

“ I learned only yesterday of the death of your husband. Please accept my heartfelt sympathy in your time of great sorrow. I first met Ken in September 15, 1979 when I joined the Missouri City Police Department. Ken was my Sergeant. Although we only worked together for a year, we had always continued the comrade that is developed between police officers. I wished that I could have been there. Again, my deepest sympathy to you and your family, he was patriot and a great officer.

“ My heart sank when I read of Ken's death. I had known and dealt with him professionally for over 20 years at the S.O. After not seeing him for a few years I had the pleasure of sitting and visiting with him for a couple of hours last year while we were both working at a voting sight. We reminiced about the old days and then the times that awaited both of us upon retirement. He will be missed gratefully by many people. May your many memories bring you comfort and time bring you peace. My Deepest Sympathy

“ On behalf of the HiFivers Amateur Radio Club:

God saw the road was getting rough, the hill was hard to climb; He gently closed those loving eyes and whispered "Peace Be Thine." The weary hours, the days of pain, the sleepless nights have passed; The ever patient worn-out frame has found sweet rest at last.

God saw that you were weary so he did what he knows best. He came and stood beside you, and whispered, "Come and rest". You bid no one a last farewell, not even a goodbye. You were gone before we knew it, and only God knows why.

Our Deepest Sympathy goes out to the entire Lee Family. We will have a moment of silence during our HiFivers Net tonight 12/22/09 out of respect and remembrance of such an outstanding man.

Ken will truly be missed by the Briscoe family and all the hearts he has touched throughout the many years of knowing him.

“ Though I only met Capt Lee in person once there were many times on the radio where he "schooled" me in the ways of proper radio operation. I thoroughly enjoyed our conversations.

There were times when I felt that the airwaves went quiet when a "female" signed on the air and yet RDR always just thought about the novice that was speaking and just answered the CQ and call of inquiry.

Mrs. Lee I offer you my humble condolences with heartfelt thanks for sharing your husband with all us "newbies". May God bless you and give you comfort.
