“ *Well, I've got a hundreds of memories with Kevin, from growing up playing football in the yard, to riding to school together, to high school and McNeese. We were roommates for all but one semester, had the same major and most of the same classes. Kevin was smart as a whip, funny and a really good guy. My deepest condolences to Liz, Alex, Janice, Sharon and his mom. We recently talked about our kids, my new grandchild and I was really looking forward to sharing those exchanges for years to come. I'll truly miss a really good friend.*

“ We grew up together, our family and Kevin's family were close... I use to spend many nights over at their house with his sister Janice... We all rode the school bus together..Our family's were always getting together for Barbecues and Rodeoing... Kevin was a very nice young boy growing up... He was always so quiet but, fun to be around.... I will never forget when he got his first car(I think it was his first), he had several cans of spray paint all different colors and he wanted to spray paint it and he gave Janice and I a can to help him out... Thst was one ugly car but, we had fun.... My prayers and thoughts are with his family and friends.. Gerthyl his mom and Janice his sister!!! 🙏

“ I had the pleasure of working with Kevin at Honeywell for several years in the early 2000's. Kevin was a great guy. Someone that loved his family and spoke of them often. At the time he as also a proud new father.

At work Kevin was the "go-to" guy for anything technical. He was one of the smartest people I've ever known. I once saw him solve a riddle with an electronics logic gate mapping exercise, and when I was stuck on a problem in the field or late at night on-call, Kevin was always willing to help me with coaching and advice.

I will be out of the country during Kevin's service and will not be able to attend, but wanted Liz and the family to know how sorry I am for your loss and will keep you all in my prayers.

Thanks,
