“ Mary, Wendy, & Leah,
You already know how devastated I am. It doesn't compare to the pain I saw in your eyes during our time together this week. I was HONORED to have been the one to take him to his final destination. It was also an honor to have been asked to be a part of the service. There is no one now to interrupt my mowing but I will always look for him coming down the road just out of habit. A lot of cars had to go around him when he parked on the road as we would talk for quite a while. He was truly a friend that I could count on. I will miss him desperately. My family's prayers and thoughts are with all of you. If I can do anything let me know. I guess I am the closest thing to "family" for Mary being less than a block away! Take care all. We love you guys...

“ Mary, Wendy, & Leah -

I was so shocked and saddened to hear of Larry's death. I know he was such a huge presence with his unconditional love for each of you. Through the tough times lean on one another, the Lord, and your memories

I know Arron really looked up to his grandfather and told me over the summer how much he means to him. My deepest condolences.

“ Dear Mary,

I share your shock and sorrow and thought of words I might share with you, Wendy and Leah. Instead of words I would share memories: so many from so long ago. But God's gift of memory is a precious touchstone for us to use. Coming back from MD Anderson, passing by the old KLM I think that was it I thought of Larry & his Red Jacket; then his smile; the sharings we could talk about, and those special ones that we tuck way down deep. We feel blest to have been in Needville and to have shared with you and Larry, the girls and the rest of your family. Bless your hearts,

Love, Nancy and George Kuebler

“ *Mary, Wendy, Leah and family:*

As we live on this planet we call Earth, we are met with many privileges, honors and tragedy's. Larry was, and always will be one of those special people in a person's life that made it and honor and a privilege to encounter. He could make ya laugh and smile, his laugh was contagious as well. Knowing Larry since my childhood as neighbors, I learned a few things. He loved his family to the max, he loved his friends almost as much. So during this time of tragedy please remember. It is only a tragedy temporarily, let the power of the Lord take over you all, and give you a calming peace. Celebrate that you were loved always and learned to love even more. Carry this knowledge on forever to others to honor our LORD as well as Larry. Larry....I will miss ya my friend. May the Guiding Light of Hope be bestowed upon us all during this time of trial however in the end we will all be better for it cause we knew and loved Larry.

“ Daddy,

Through the years you have always been my hero, "My John Wayne" that's why I never even thought of going through this very difficult time in our lives. I think that right now I'm so shocked that reality hasn't hit me all they way. All I know is that I will always love you and no matter how old I get, no one will ever come close to being the man you were. I have always been so proud to be your daughter. Obviously you have touched many peoples's lives. You were very special to many people. Your laugh, your smile, you clinching jaw, and your sense of humor will be greatly missed by so many. But your kindness, presence and love is what I will miss the most.

You will forever be in my heart and soul,

Love you,

Sue

“ Daddy,

You are the best Daddy in the world. I am so proud to be your daughter. I am going to miss you so much. I am so happy that I spent the day with you on Saturday. I am so glad that I stopped for one more hug and kiss before I left Needville Saturday. I never expected that to be the last time I talked to you. I will always remember that day. You mean everything to me. I love you Daddy.

“ Larry,

Throughout our married life, we have had good times and bad but together and with God's blessings, we were able to get through them all. I could never put into words the shock of finding you Sunday morning and the thoughts that were racing through my mind as I came to grips with the fact that you were not asleep and would not be waking up. One of my first thoughts was of Wendy & Leah and those 5 precious grandchildren. Knowing how much they loved and admired you, I just can't imagine them without you in their lives or mine. I know that life goes on and together we will be ok. Yesterday as your family and mine gathered together, the one question that was asked the most was "who is going to put gas in your car now" because everyone knows I never put gas in my car. If you were not home, then I found someone who would. I've loved you forever and will continue to do so until the day we meet again.
