“ I just heard this terrible news Larry has passed away. It's hard to believe. Larry worked on my vehicles for 25 years. I considered him a dear friend. I trusted and respected him dearly. One of the finest mechanics in this city.
He always exceeded my expectations. I will truly miss him.

“ *Larry Shimek was a humble, decent, honest and good man. My family and I did business with him for decades and he was able to keep our vehicles up and running safely on the road. He had such intelligence, resiliency, talent and work ethic that he could fix anything from an old Jeep to the most modern vehicle with computer driven engines and complex electronics. At the same time, he was interested in current events and could offer a well-reasoned opinion on many topics. I won't forget his patient grin and easy smile as he cut to the chase on hapless politicians that don't make good sense, as well as thoughtless Engineers that design cars using the approach that the shortest distance between any two points is the longest way around. It was a privilege to be Larry's customer and friend. All of us poorer for Larry's loss but richer for having known him. I wish I could thank him one more time. Thank You Larry! I hope to see you again on the streets of gold in the very presence of our Savior Jesus.-Kelly Kehrer*

“ God bless Uncle Larry, he taught me a lot more than how to fix a car, he taught me about perseverance and something about what it means to be a man. Thank you uncle Larry for the lessons you gave me, I will never forget.
