“ *Ms. Margaret was such a free spirited and loving friend. Would always go to their house (Margaret and Clarence) - she would always ask if I wanted some Green Tea. She would always say - drinking Green Tea is so very good for you. She was always such a caring person - she was always there for Mr. Clarence taking such good care of him. She would tell me how she would give him his meds and take his blood pressure and write the schedule down in this spiral book that was pages and pages long. After visiting awhile, it was fun to walk around their yard of plants, and plants and plants. They gave me several confederates roses and dogwood vine - which I still have to this day. I was so blessed to have known Ms. Margaret. I send my prayers and condolences to Tina, family and friends. God Bless you all and may you all find peace and comfort.
