*Marla and I met I college in a water color class of all things! She and a mutual friend and I needed an art credit and of course none of us was an artist. We had so much fun in that class laughing at our art work. Somehow we all managed to pass the class. I graduated before Marla and began working for an oil and gas company. As soon as Marla graduated we were able to get her into the company I worked for. She and I rode into work in downtown every morning with my Aunt for 3 1/2 years. We have managed to keep a relationship for 43 years. I feel so blessed that she was in my life! She was always the one who lit up the room. She always made you feel loved and special. She loved her family with all her heart. David, she loved to talk about you and your service and it was so wonderful to have the opportunity to learn about it from her. You are in my prayers. I am so sorry for your loss! I am going to miss my calls and visits with Marla! I know she is in God's living arms.*

*“ Marla was a dear friend. We were only a month apart in age. She was a vital part of our Firm Foundations Connect Group and Monday night women's group. Marla was a prayer warrior and her deep, heartfelt prayers for those in need moved mountains for many. I never spent a moment with Marla where I did not feel uplifted and blessed to know her. Marla was always concerned about the needs of others and was genuinely interested in what was going on in everyone's life. I will miss her more than words can say but find peace knowing that it won't be long until we will meet again and enjoy heaven together with Jesus. Karen Powell*

“ Marla was a special, sweet and dear friend and will be greatly missed. While our paths in life have parted and we didn't get to see each other as often as I would have liked, I have fond memories of our younger single days! Our love of the Lord brought us together, you were a bridesmaid in my wedding, and I was so thrilled when you found the love of your life in David. Our prayers go out to you David and the family and our heart is deeply saddened at your loss. Until we meet again sweet friend,
