“*Mary Ellen was my cousin; my mother's niece. I loved her more than she ever knew. I just wish that we could have communicated. I was not who she thought I was. I loved her so very much. I hope now she knows who I really am.*

*Blessings to all those who took care of her. Please contact me if you can.*

*susanblalock4248@gmail.com. I just had an overwhelming feeling that she was finally with Tony and at peace.*

*Love to you all always,*

*Susan*

*ps: If you find my family album that was taken from my mothers nursing home; it would be much appreciated that it would be returned to me.*
