“ My sister Mary was a fun person, always ready for a new adventure. She was interested in everyone and had a lot of compassion. She worried about loved ones and tried to help in any way she could. Not many knew that she was a real comic....with me she was free to act silly. She was fun! She was very intelligent and excelled in school.....a straight A student. She challenged herself to the max. When she worked at Nassau she was privileged to know a lot of the astronauts. She was not afraid to tackle going to a new city to start a new job by herself. We traveled all over the world together and I will miss her so very much! I love you Mary....do you hear me? It's your sister June.
