“ *My deepest condolences to the family.*

I had the pleasure of working with Mary Jane for a few years at Baylor Copany which later became NOV. She was so much fun to be around and she performed every job with dedication and perfection. I can recall teaching her to stack a random would stator anfter which it has to be presed and welded. I showed her how to run a weld pass one time. After that she took off and never looked back. I must admit I admired her in her ability to do everything she set her mind to with a purpose. I can truly say I was fortunate to have worked with Mary Jane and called her a friend.

Eternal rest grant unto them, O Lord, and let perpetual light shine upon them. May their souls and the souls of all the faithful departed, through the mercy of God, rest in peace.
