“ I only knew Coach Weatherly during baseball season. There was an incredible bond on the varsity team last year. He took the team to playoffs. Since I hung out by the dugout, I once heard him say something along the lines that he couldn't take credit for the what the boys did out the field.

*The boys had a fabulous season and in the very least he deserves credit for enabling the bond that was created.*

“ Michael Weatherly (Coach) will always have a place in my heart for the way he cared for my son when he played for him. My son had his jaw broken in a practice before the first game in his senior year. Michael would bring him smoothies and protein drinks since could only have liquids. I don't know of any other coach that would go out of their way to show such kindness and, as a parent, it's something that will never be forgotten. We will miss him dearly.

“ I met Mike many years ago when we coached together at Van Vleck High School. Mike was an outstanding person and coach, and I was proud to call him my friend. I was especially appreciative of how well he treated my son, who played baseball for Mike. I last heard from Mike 5 months ago when he messaged me and said that he would like to get together with Derek and me and go fishing, that he sure missed us. I told him that was a great idea and that we would love that. Unfortunately, I never followed through on a fishing date and now I regret that so much. I wish I could have told him one more time what a wonderful person he was. Mike, you were a wonderful person, one of the best! I will miss you!

“ *The last time I saw Mike in person was the day he married Bobann. He brought his whole heart with him that day. Bobann and Mike were the most adorable couple and the very picture of God’s ideal for marriage and family, so full of love and dreams. It was a joy to reconnect with Bobann on Facebook over 30 years later and see what a beautiful life their love had created! Now Mike lives on in the hearts of his wonderful family as husband, father, grandfather, teacher, coach, and community leader, but for me Mike will forever be the young man who pledged to Bobann all the love in his heart. I wish you all peace and comfort in your beautiful memories of Mike.*

“ I was apart of coach Weatherly’s 2018 baseball team at Dulles High School. I joined the team as a senior in February since play already had started I didn’t think I’d be aloud to be a manager for him, but because he was relationships driven and about building young men instead of championship driven I was able to join. I learned valuable lessons from him that I’ll carry with me as an Aspiring Football Coach. Those are: building relationships with people, having a smile on your face after a tough defeat, and always putting your players in the best position for success among others. I’ll miss are phone calls, text about baseball, sports in general, school or life. May you Rest In Peace. Love you.
