“ I was shocked and saddened to hear about this. Michael was an amazing and wonderful person. He was always there when you needed him and never without a smile. He once took the time to help clean up my work area, rinse out my hair, and line my car with bags after an accident at work all so I could get home and rest and not worry. He just wanted me to be ok. That's who he was, helping others and trying to make you smile. I hasn't talked to him in years and this still hurts me so. Rest with the angels my friend. You'll make an awesome guardian angel in death as you were in life.

Michael was raised knowing the Lord, and that should give you peace knowing that you will see him again one day. When I think of Michael, my own son comes to mind. “ To the White family,
I am so sorry to hear of your loss. I went to A school with him at Great Lakes. I remember White as a really great guy. The kind who does good deeds without asking for anything in return just because it is the right thing to do. He made a difference in a sometimes mean world.

“ I remember Michael for the way he always made his family laugh, and for always being nice to me despite the fact that I can be ridiculous. I always saw him with a smile. I took for granted seeing him at work at Christmas with the elf costume he drove from Houston to Jewett to pick up. I hope in time his memory will bring your family more smiles than tears.

“ My heart breaks for the White Family. I am blessed that I got to know Michael and spend time with him. He was a great kid and grew up to be an amazing young man. Always a big smile on his face, very well mannered, and great hugs. Mike, SR and Debbie did an amazing job raising such a great young man. He will be truly missed.

Keep his memories close as they will help you in the future remember what a joy Michael was. My thoughts and prayers continue to go out to the entire family.

“ I worked with Mike at HEB at both Woodlands 3 and at Spring Market. He was always a pleasure to be around and had a great work ethic. I remember in particular when he would close the dairy dept at Spring Market and I was the closing store manager. He had such pride in his work and would always show me everything that he had accomplished that day that was above and beyond the regular tasks. I ran into Mike about a year and a half ago and we both showed off our jeeps to each other and talked upgrades and what not. I am very saddened by his passing and have thought about his family and friends a lot this past week. My interactions with Mike were limited over the past few years but my heart is heavy after hearing of his passing. I can only imagine what those closest to him are going through. I'll be thinking of you all during this time of healing.

To White because the Navy made it awkward to call you Michael, lol you will be sorely missed. From Great Lakes to Hawaii, I was lucky to have you as a friend. I hated being deployed while you found out about the cancer but I was grateful I could help you when we returned. Your heart is huge and may it continue to fill and spread over us all as you now have new orders. Fair winds and following seas my dear friend and fellow shipmate.

“ Dear Michael, Debbie, Amy, Lisa, and Kathleen,

I am so sorry to hear the terrible news about Michael Jr.

In my mind I still remember him as the adorable little guy who used to tag along with us when Amy, Cory, and I got to play with Amy, Lisa, and Kathleen at your house in Jewett and at Garner State Park so many years ago.

As I read through the memories and condolences in this guestbook, especially those from his military family, it is obvious that Michael has a beautiful soul and managed to touch many people in his short time on Earth. Thank you, Michael, for your willingness to serve.

Much love,

“ *Michael is and will continue to be an inspiration to me. I worked along side Michael for almost half of a year before he knew it was a tumor that was the root of his pain. When asked, he would mention he had migraines but wouldn't make a spectacle or feel sorry for himself. Anytime I think I'm having a tough day I think about Michael, his situation, and the manner in which he dealt with it. His smile and sense of humor were always present. My condolences to his family. Goodbye Michael.*

“ Michael was on of the best people I have met in the Navy. I remember going out and getting pizza with a couple other people and him. We ended up driving around in his truck till we found party city. Convinced him to buy an elf costume which he stayed in the rest of the night and stayed in character the whole time. He was walking around base telling people he was buddy the elf and asking people their favorite color. You could be having the worst day and couldn't help but smile when you were around him. I will miss him a lot.

We would always go exploring into the woods, trekking through the creek, ever where we could possibly go on the golf cart, and i am 99% sure every time we would look over our shoulder there would be Michael Jr following our every little step. I am so happy i got to know Michael and his family, my mom and i followed and prayed for Michael on his cancer treatment progress every day since my grandpa was also diagnosed around the same time.
