“ I am sorry for your loss. The good part is your mother is with her family that went before her to prepare her a place. There is a party in Heaven today welcoming her home. God Bless

“ Nan was my friend in elementary school. We had great conversations riding home on the bus together. We were friends all through school, and she visited here at my house a few years ago. The LMHS Class of 56 loved her. I always told her that I loved her name and I would name my first daughter Nancy...and I did.
