“ My condolences to the family and all who loves and misses Ms Penny . What a sweet soul lost . If Ms Penny had the time and resources she gave to those who needed help, needed comfort, needed a friendly smile she was right there! I remember her making tons of face masks in the midst of COVID and donating them to healthcare workers, law enforcement officers or anyone who needed them. She assisted in making an Angel gown for our granddaughter who lost her battle with cancer at 9 years old and personally delivered it. I could share so many memories of Ms. Penny. But I will remember her mostly for her little giggle of a laugh , her smile and her generosity . There is no doubt she is dancing in the streets of gold with all she knows who left before her . Until we meet again, I will cherish the sweet memories I have.

“ During high school, Penny of Portland, IN and family friend, Diana VanTrees-Grile met at the Fort Recovery, Ohio roller rink on Friday nights. Since Diana and I grew up together in Ft Recovery, we went to the roller rink together. Diana was a natural skater and was the shining star of the roller rink. She and Penny were skating pals. 60 years later, Penny and I ended up in Houston at the monthly Angel Gowns meetings where we disassembled the donated wedding gowns and created baby gowns for the little angels. We had not seen each other in all those years. Penny and I both sent Diana a Facebook message that we were hurrying off to Angel Gown meeting. Diana thought as big as Houston was, that we couldn't be going to the same meeting. At the meeting, I over heard Penny sharing about all the places that she lived. I heard her name towns close to Portland. Finally, I asked where she was from and she said Portland. I told her that I was from Fort Recovery, She asked if I knew Diana Grile! Of course! Diana was my close friend for the past 65 years! Penny mentioned how she and Diana met on Friday nights at the roller rink. I must have missed that, since I was mostly picking myself off the floor while they glided around so easily. What I did not know is that they were now related through marriage!! Penny and I took a photo of ourselves TOGETHER at Angel Gowns and sent it to Diana. The 3 of us stayed closer after that. I went to visit Diana 4 weeks before she passed away and took home the hug she wanted me to deliver to Penny. I was able to promptly deliver that hug. I dearly miss them both and envision them together - skating through Heaven's Gates. May you both know that you are loved and missed.

“ To the family of Ms Penny. We are so sorry for your loss. It was quite a shock to hear of Ms Penny’s passing. She was an Awesome neighbor & always very personable. During our last visit with her; she shared with us a pail full of pears. She was always giving out helpful advice. Ms Penny was very instrumental in getting assistance removing an alligator from our lake. We will definitely miss “Our Ms Penny!”
