“ I wanted to say "Thank You" to all that supported the entire Family with hugs and prayers over the past weeks. Everyone that knew Roland thru out his life will have memories of him during 1 special moment of time spent with him. There was nothing more important to him than family and friends.

To my husband and friend, I love you and miss you terribly. I wish you were here with Rachel and I, but I know you are watching over us. I miss our time together, we still had things to do and I will miss making memories with you. You are in my heart.

“ Thank you to everyone who know my father. It means so much to my mother and I to have so much support from so many people including friends and family. For everyone who knew my father personally, they knew he had a great sense of humor and loved life.

Daddy, I miss you so much. I want you to come back so much but I know that you are in a better place and I know you are watching over mom and I. I would do anything to get you back and finish the great memories that we had started. You will always be in my heart and on my mind. I love you now, tomorrow and forever. Your loving daughter!

“ *For my dearest cousin Rolando.
I have so many wonderful memories of when we were children. The visit's to your grandmothersmy aunthouse in Falfurrias. The time we used to play outdoors in the giant drainage ditch. The times we were told to get off those columns we used to climb on the front porch of Tia Chata's house. But most of all; I remember just a few weeks ago at the 50th wedding anniversary of your parent's when you hugged me as I said good night to everyone before leaving. You gave me a kiss on the cheek and said "I love you mija". You gave me this look as if you knew it would be the last time we would see each other. I'm sorry that it was. I continue to pray for you and all who loved you; as our hearts are still aching for you. I will always love and miss you cuz.*

“ *I recall sitting at Tio Neto and Tia Delia's, eating barbeque and talking to Roland about everything but especially band. He used to call me 'mijo.' He was always a good man. I'll miss him. May the angels carry him to paradise, may the martyrs come to welcome him and take him to the holy city, the new and eternal Jerusalem.*

“*Roland, as children we played Cowboy's and Indian's you always wanted to be the cowboy, Astronaut's, and Soldier's. We were also cook's at our first job at Pizza Hut as teenager's. “*My memories of Roland were mostly of when he was a teenager. He was always with the adults and acted like an adult. He was wiser than most people his age. He liked hanging around Lupita and I and always wanted to play my guitar. He even played with the mariachis at our wedding! We'll miss you Roland! “*Rolando you were like my own child. I used to babysit you when your Mom went to work. Then you grew up and moved away and we saw you very seldom, you are still share a big part of my heart. I will hold on to the memories and know that where ever you are you are happy. I know that Mayande was there waiting for you with open arms.*

“ I have been praying for Roland & the entire Reyes family. Although this is a symbolic candle, I lit an actual one in your memory in church yesterday. I hope to be able to attend the burial when it is scheduled since I cannot attend this Friday.

I will always remember how serious you were at such a young age, & "the look" you would give Leti, Belinda, Rene, & I" when you thought we were acting crazy, which was most of the time.

I pray that you are with Jesus this day enjoying the mariachi & conjunto music, & dancing to your heart's content! I'm sure Mayande & Mrs. Reyes are good dance partners!

We'll see you again someday!

“ Roland, you were always like a little brother to me eventhough I was your aunt. You and I would always watch old movies together in Grandma's living room late into the night while eating bean dip, fritos and coke. Don't forget all the times you you followed me to CYO and sang in the choir, too. Thank you for walking me down the aisle at my wedding and making me feel special that day. There was no father around for that but, your presence was all I needed to make me feel special. I will miss you, but you will live forever in my heart. Love, Aunt Lupita
