“ Uncle Ray, one of the most influential and uplifting individuals in my formative young life. You had a great impact on how I entered my adult life and I will always be grateful for how you treated me and the advice given to me when I was with you. You will be missed and always in my heart. Definitely one of the top 3 rated Uncles ever. To my cousins, your Dad was one of the best men I have had the pleasure to know. Sorry I could not be there, due to health issues, to help you through this time of loss.

“ My sympathy to the family and friends of Ray. I had the privilege of playing music with Ray over the last 40 years. He was a joy to play with as he made playing in the band a fun time instead of a job. I treasure the memories of him.

“ Ray ... always the gentleman, friend, neighbor and respected co-worker. I am sure he has already joined the musicians in heaven making beautiful music. Tilt your ear upward on a quiet day and listen for the music ... it will probably be a polka led by Ray. Ray, you are one of the good guys who will be long remembered and greatly missed

“ I will always remember Ray as part of Sugar Land State Bank and how he always made me feel special when I did business with the bank. I got my first car loan from the bank and as I remember Mr. Anheiser has a lot to do with it.
