“ Best engine builder of his era, great friend of my dad and an even better dad to my racing friend Rickie and his sister Vickie. He will always be my best memory from my karting days, beating Rickie, Willy, Johnny, and Steve.

“ One of my favorite uncles and always reminded me of my dad, Paul. So proud of him and from time to time through life told people about his expertise in machining the nozzles for N.A.S.A. space program, and relating his experiences and successes in go-kart racing and engine customizing or modifying for people world-wide.
