“ My Dad.

*He was a great man. Tall. Handsome.  
He had the softest hair. I felt it from the back  
seat of the car, as a young girl, driving wherever he was taking us.*

*He was such a craftsman. My Dad was crafty beyond crafty! He  
would often help us kids out. From installing a fan to checking your  
break pads for your car. And always teaching as he went. My Father  
was a gardener, he grew peppers, tomatoes and squash. I was  
happy to share this love of gardening with him.*

*Dad and Dorothy taught me how to make salsa a year ago. It was  
really nice to be with them and learn from them.*

*As a young child my Dad, taught me, alot. He was always tinkering  
in the garage. I was always happy to be helping, even if it was to  
hold the flash light.*

*He wouldn't give me the keys to my car until I knew how to change  
a tire and check the oil. I remember being at the kitchen table and  
him making me convert a fraction to a decimal, and back again. He  
made me think. As an adult, I apply my Father's ethics to my life. He  
was honest. Truthful. He had such a strong work ethic. And was so  
very smart.*

*Oh how he loved his grandbabies. He always played and loved on  
my girls, doing the tickle game, or being swatted on the bottom by a  
paper towel roll. So many grandbabies. He will live on through them  
all.*

*We will miss you Dad.*

“Ronnie was my step dad. He was just like my dad because he did all those “dad things”: checked my tires, asked about my decisions, made sure I had a budget before I went off on my own, went to all my softball games and tournaments, and taught me the “right way” to clean counters or vacuum the house. Because he was the dad I lived with for so many years, I wanted to include him on my wedding day, so I had both my dads walk me down the aisle. He was there for all my big moments and small moments. He saw me give birth to my first born and was there at the hospital as soon as I had my second. He was there when my first house was built giving me suggestions as the house was just bones, there to help me paint the whole interior, and there helping me move in (every time). With my second House he helped us with electrical installation on our new patio to name a few. He was our perfectionist and all around handy man. He was also a perfect driver and never got a ticket. (Unlike me) It’s times like this that all those little things come to mind, and we realize how much we will miss him. We continued to help him with his massive Christmas display which we hope to carry out this year for him and Mom. We helped him with his yard and just tried to give back to a man who was so giving off himself. I will miss you, Ronnie! I love you so much! I wasn’t ready to say goodbye...I think we all wanted more time, but are at peace knowing that you aren’t in pain anymore. Rest In Peace... ❤️

“ I had the pleasure of working with Ronnie and Ms. Dorothy doing the Student Fun Day at the Fort Bend County Fair. I found it inspiring going with them to Academy and watching them collect all of the give-aways and prizes and shopping out the best deals for the budget. Their love for the kids was very obvious. Ronnie is as honest a person who had a heart the size of Texas. May he rest in peace. God Bless my friend...

“ My brother ... Ronnie..was a good man. He was the rock of the us 12 children...He was an advisor ...a mentor..and ready to help you fix something. A man of integrity...he reminded me of John Wayne..the movie star ..tall and handsome with a kind heart. I will miss him. He came to me in my dreams ...he was showing me a lake of water high up in the sky...it was dawn and the mist was hovering over the grand lake. I asked him where are we...and why are we so high up... He said...this is heaven silly... ..look and then I woke up . Tell Mom and Dad hi from...sister Terry .
