“ Rosie was a calm, shining smile no matter what was going on. She was always very kind and welcoming to me even before she knew me well. She always supported us in everything we did. I will miss the random calls when she was having a great day. I will miss talking to her after she had seen videos of the kids.

*Dorothy, so many people lack the commitment to care for their aging moms or relatives. I love you and I know she had a better life because of your efforts. If only we could all have daughters like you. Hugs dear friend, we love you tons and I know she is watching us all while she eats homemade kolatches. Or at least making them for everyone up there. :*

Love,  
Cody, Casie, Peyton and Ryder

“ Dorothy,

*I am very sorry to hear of your mother's passing away. I remember walking home from elementary school and stopping to play at your house. Your mom was always so nice and fixed snacks for us and she gave me an autograph dog for my birthday one year. Know that my thoughts and prayers are with you.*
