“*Sherri, my best memories of middle school were with you. We spent so much time together, loving and fighting, that is what young girls do! I'll never forget how sad I was when you told me you weren't going to high school with me. I'll never forget how much fun we had when we toilet papered Chris McCain's lawn with parent permission of course. I'll never forget the first time you asked me to spend the night, and you promised your older sister would teach us dance moves to Brittny Spears.... and how sad it was we lost touch. Yet, I have always had you in my heart, and it really helps my soul to know you held on to those memories until the end. As I will do the same.*

“*This light is for Sherri. Who I remember with her bright, beautiful blue eyes and very warm heart. Saddened by her loss and extend my deepest of condolences to her Mother and Father and loved ones. Rest in Peace Sherri. The world is less kind and compassionate without you. I remember your Rescue Warrior spirit showing up at the clinic w your latest Rescue. Patience w these critters was natural for you- you did this maternally for them.*

God has a place for you among his angels. I wish you knew I was there for you no matter what. You are loved and missed Sherri.

May your family heal with God's arms held tightly around them.

With Prayers and Love,

“ Both of my dogs loved to see Sherri at puppy camp. She was so sweet to them and to me. I would come in after a long day at work and she and I would share a laugh or talk about the various pets staying with her behind the gate. I am sure she is in Heaven getting thousands of puppy kisses.
