“ *Aunt Thelma was a big source of wisdom and comfort to me after my mom's passing. She offered great counsel and told me lots of stories about the family. I grew very close to her through the years. I will always remember going to her house and eating the best meals you could ever find with that wonderful chocolate pie she made. I will miss her and always love her. Clarlyn Bhatti*

“ *Our Great Aunt Thelma passed away Tuesday morning. I'm sad to see her go as she was the last of my Grandma and Grandpa's generation we had. Though she was my Grandpa's sister in law, she knew everything about the family and often helped us sort through and identify family members in old pictures. We had a wonderful time with her this past New Year's and we had the privilege of hearing her tell us her life story and best advice for the future. She was a tough farm lady and even as she got older, she still stood up very straight and loved to tell us about her crops. She was an amazing cook and baked delicious pies. Even though I only saw her once or twice a year, she was always interested in what I was up to and was great encouragement to me. She told us all that her best advice was to tell people you love them while they're alive, be good to your fellow man, and live a Christian life. The last thing she said to me was that she loved me. With her gone, it makes me miss my grandparents even more. I learned so much from her and will miss her greatly.*
