Frank Perez was not only my father-in-law but also a true buddy and 2nd dad to me. He always had his family (wife, sons, daughters, and grand kids) at the top of his priority list. Hoping and wanting everyone to do well. He would ride with me to my deer lease offering his help so I wouldn't go alone. I would listen to his many stories and we would laugh together. His legacy will remain in my heart forever. Thank you for it all partner, I will miss you greatly. God bless.

“ Grandpa you will live in my heart forever. It's been an honor being your first grandchild. I remember us stopping to see chicks before we would pick up grandma from Fiesta, always wanting to feed me and the joy I would see in your eyes when i would come see my dad and you would tell him “look Joe Albert it's crystal “ with that grandpa voice. The best memory is when you would tell my grandma “ se parece mucho a su daddy and he would grab the top of my head and walk away. Grandpa you always showed me how much you loved me and what I meant to you and how proud my daddy would be of me . I love you so much my little old man❤️

“ My grandpa was the best grandpa a granddaughter could ask for. Growing up, my mom would always take me to see him and grandma and sometimes drop me off there at their house where I would play with my cousins. I remember my cousins and I would always have laughs with grandpa. He would make us laugh. He would always offer me a coke because not only did he like them, but he knew I loved to drink coke as well. As I grew older, I still very much enjoyed seeing him and every time I would leave my grandparents house he would always say, "take care of your mama" to me. (my mom is his daughter). I know how much he loved us all and he leaves such a beautiful family and legacy behind. Thank you Frank, for being the best grandpa I could have asked for. You will be forever missed. Until we meet again. I love you forever.

“ Frank was not just a son, father but one of the greatest grandfather a child could possibly dream of. It's because of him that I have so many wonderful childhood memories. Every morning my mother would get me ready and drop me off at my grandparents house to wait for the school bus and each morning I was always greeted by a tap on the shoulder and one of my grandfathers funny sayings for example “I think it's cold outside I think I'm going to go inside and make me some Cockadoodle soup or a bowl of chili” whatever he'd prefer that day. Me and my brother adored our grandparents and enjoyed every moment with them. All I can say it was a honor to be your grandchild and we love you so much grandpa!Your memory lives on in my heart forever... Until we meet again...

With love,

Your granddaughter Marissa
