“ *April and Jay,*

Thank you for sharing you sweet Mom with me. She adored you both. I will miss our talks as I harassed Willie at her feet. She had so much love for everyone and each person that met her loved her as well. I always enjoyed watching complete strangers stop her to tell her how beautiful she was. I love and miss her so much already. I am sorry for your loss but know that you both are as beautiful inside and out as she was. Miss you Momma V and give Roxi a hug for me.

“ My sweet beautiful mom. She was beautiful inside and out. We were so blessed to have a very close relationship she was my best friend besides my mom. We went on lots of trips together made a lot of memories. I thank the good Lord above that she was my mother. I know I was blessed and I'm so grateful. She lived with us for 8 years so I saw her everyday. Never took a day for granted. Thank you, Mom for being The Best. I love you.

“ April my heart goes out to you for the passing of your beautiful mom! She was so sweet, always had a spectacular smile on her face with her signature red lipstick! I will miss the kisses she gave every time I walked into the room! I have a funny memory of her... the carbon monoxide detector went off at her house in the middle of the night and the fire department came to check it out and the next day when I talked to her she said in her southern drawl oh Jana honey those firemen were so cute and I didn't even have my lipstick on! She always put a smile on my face! I loved her so much! Prayers to you and your family during this difficult time! I love you sis!

“ Jay and April,

I'm so sorry to hear about the passing of your beautiful mother. As y'all know, I haven't seen her in many years, not since Suffolk Manor Days! I do have very fond memories of her though. I always thought she was so pretty and I remember how sweet she was to me even though Jay and I usually rushed in and out so fast to hurry and get back outside to play. You two both resemble her so much. I love you and am so sorry for your loss.

With Sadness,

“ I remember Velma and Jim Webb from my early childhood. I was 8 years old when I met my daddy's work partner, Jim Webb (which I called him the rest of his life not Jim or Mr Webb but Jim Webb). Velma has been in my life over 66 years. Velma and my mother were the deepest of friends. I remember many times going to Lake Houston water skiing, picnics, and babysitting April. But one of many happy memories was Velma's signature fragrances Persian Wood by Avon and her round percolator coffee pot that stayed on from the moment she woke until bedtime. I was honored to meet her parents, her brothers and babysit her daughter. Velma taught me many things from making cabbage rolls or as she called them Italian Tamales to "you are never dressed without jewelry, especially bracelets". I loved Velma dearly. May each of family members find comfort knowing she is no longer suffering and she lived a long, loving life. Prayers and thoughts. Karen Boyce
