“ *How very much you will be missed. You and Charlie were such good friends and next door neighbors to our parents and to us. The words to express our appreciation for the kindness and thoughtfulness just do not seem to exist. "Thank you" does not begin to scratch the surface of our feelings, but for now we will begin with those two words.*

Our thoughts and prayers are with each of your families.

“ *Granny Pee I miss you so much. I am so, earnestly sorry that I cannot travel to your funeral. You meant so very much to me in my life. I love you so with all of my heart and I will miss you everyday I spend in this land of the living. You were such a wonderful loving grandma. If I could be 10% as awesome as you my life story would be a success. I will carry you with me in my heart each and everyday. I'll never forget you...I will always love you and be thankful to God that he gave you to me...to be my grandmother, my comfort and friend. This is so hard. I love you so...see ya.*

“ Dear Granny Pea...I already miss you so much. It's going to be difficult not getting to hear your voice every week. You always had this amazing ability to make me feel like everything was going to be fine...no matter how bad it may seem. You always asked how everyone else was before even saying anything of your own pains or struggles. Your heart is larger than life and anyone that met you, surely would not ever forget you. From your firey red hair and dynamic personality to your charm and kindness. ..you made everyone around you feel important. ..I think everyone at the grocery store wanted to hug you when you left. Thank you for teaching me to cook...to have patience...and always to share even if it was my brother I was fighting with. Thank you for all the wonderful memories..especially fishing at the bayhouse. Give Papa Charlie a kiss for me and I will see you again someday.
