“ *Nanny, I thank God for your 95 years of life and all that you did to make life better for Robert, Alesha-Kaye, Bob and I.*

I never knew any one with a green hand, you were way beyond the green thumb club. When you ran the Library at Bayou Manor it was done so well and it was appreciated.

I will miss hearing about all of the trips that you and Grandad made and all of the things you got to experience. What a full and blessed life you had.

You are already missed, love, Alice

“ *Nanny,*

We always had fun when we were with you. You had a wonderful sense of humor and you were great with the children. Katie and Kayla have some really special memories doing things with you that they didn't do anywhere else. Thank you so much for being a good mother to your own children so that they would pass this along to future generations. We love you and miss you.
